

## Devil Inside

Walk a mile in my shoes  
Hear my heart sing the blues  
Feel my tears sting, as they dry  
Wont you be my, my lullaby

But

Chorus  
You look at me, as though I have the devil inside  
You look at me and I can't hide  
So maybe I've got the devil inside

Sing my song, take my hand  
Wisk me off to wonderland  
Watch my heart bleed as it cries  
Thought you were my, my lullaby

Chorus

Bridge  
I look at you with lover's eyes; but you wont save this heart of mine  
But you turn away every time, u say I have another side

Chorus
