

## It's Rainin' in My Heart

Your eyes the colour of the sea  
My heart missed a beat  
You took away my breath  
With one your stare

It's raining in my heart  
I know you're the one for me  
If only you'd see  
And realise that we are meant to be

Chorus  
Please, baby please  
Please baby please  
It's raining in my heart tonight  
Trust me when I say  
She's not the one for you  
Please baby please  
It's raining in my heart tonight

I saw you from across the room  
And I sang to you,  
I barley knew you but each  
Word of love was true  
Now I live to tell you I cry

It's raining in my heart  
And foolishly I ran away  
When I should have stayed  
Now I live to tell you  
I m scared

Pre chorus  
It's raining in my heart  
How can I go on like this?  
When I just feel rain and pain  
Tell me coz all I see is rain

Chorus

And when I look up at the moon  
You see it to  
And that makes me feel closer and closer to u  
Now I live to see u again

It's raining in my heart  
And I just can't shake this pain  
I need to see your face  
So please stop me feeling this rain

Pre chorus

Chorus
