

Strong

Sat here alone
What I've done?
Echoes in my mind
You've emptied all I had

I scared you away
With things I have said
What have I done wrong?
Why am I strong?

Chorus
Strong coz they've made me be this way
Strong coz I've made some bad mistakes
Strong coz the hurt can't hurt no more
I'm Strong coz, I've taken quite some falls

If you knew me
You'd understand me,
You'd realise I'm hurt,
Hurt by more than words

I'd share the nightmares
That I dream
But you don't really
Really know me

Chorus twice
Strong coz of what they've made of me
Strong coz I've fought to be this free
Strong coz I've cried a tear or two
I'm Strong enough to want a man like you
Strong enough to want a man like you
